

**The Schaefer Group, Inc**  
**Flux Questionnaire**  
**SGL Line of flux Products**

Our best product recommendation will be possible by obtaining, in advance and directly from our customers, some market information regarding the fluxes they are currently using. Below is a simple questionnaire with this purpose in mind.

Please acquire the information specified in the questionnaire to help us determine the proper flux and the corresponding proportion to be recommended in order to best suit the client's needs for an efficient, effective and safe process:

<b>Customer Name</b>	
<b>Type of Operation (Sand, Permanent Mold High Pressure etc.)</b>	
<b>Type of Furnace (gas/electric)</b>	
<b>Furnace Capacity</b>	
<b>Melt Rate and Temperature</b>	
<b>Which alloy/alloys?</b>	
<b>Current Flux supplier</b>	
<b>Current Flux used</b>	
<b>TREATMENT (How often and amount?)</b>	
<b>Are there any current issues?</b>	

**DAYTON - CINCINNATI - TOLEDO - LOUISVILLE - KNOXVILLE**
